光合作用的限制因素

姓名： _____

班別及班號： _____ ()

1. 課前準備

a. 試寫出影響光合作用的因素。

.....
.....
.....
.....

b. 葉的顏色反映甚麼？

.....
.....
.....

c. 光合作用受何種因素影響？(請列明原因)

.....
.....
.....
.....

d. 你如何決定哪種因素是最重要的影響因素？

.....
.....
.....
.....

2. 實驗設計

a. 實驗設計

b. 步驟

.....

.....

.....

.....

.....

.....

c. 實驗結果

.....

.....

.....

試在下圖記錄植物生長情況：

The diagram illustrates a vegetable growing area divided into two main sections:

- 垂直菜架 (Vertical Vegetable Rack):** Located on the left, it consists of 18 horizontal rectangular slots arranged in a single vertical column.
- 橫向菜架 (Horizontal Vegetable Rack):** Located on the right, it consists of 7 vertical rectangular slots arranged in a single horizontal row.

Each slot in both sections contains a series of small circles, representing individual plants or seeds, arranged in a regular grid pattern. The vertical rack has 18 slots, and the horizontal rack has 7 slots.

3. 討論
